

Ask Ann Summers for the Best Valentine's Gift Ever – Dump Pornhub

Thinking of a sexy little number from Ann Summers this Valentine's? Or perhaps a 'bit of kink' from their 'bondage' range. Maybe you'd like to think again?

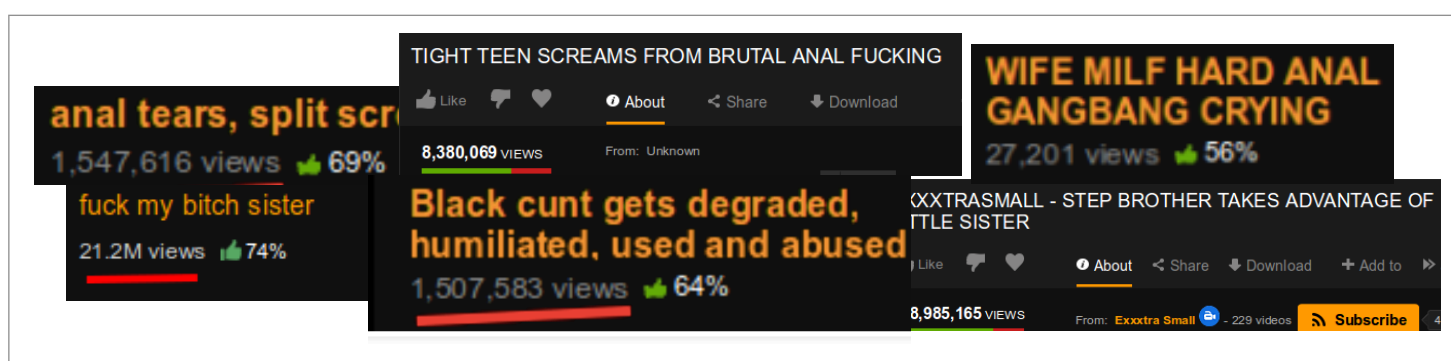

Because Ann Summers is in bed with Pornhub - the world's largest porn site which serves up rape, torture, child porn, harassment, incest and more on a daily basis - and in the millions.

Because the shocking truth is more than 90% of porn now shows women being abused. And we know this because researchers carried out a blow-by-blow analyses (quite literally) of the top selling porn in the USA. That was 7 years ago. An even higher percentage of mainstream porn will now show abuse.

And much of the remaining 10% of porn is even worse – torture porn, BDSM (dubbed 'kink' by pornoganderists to suggest that even torture is somehow cool and 'empowering') or real life and pseudo child porn.

I cannot even show you the pictures of the *faces* of women in porn – it would be censored as too graphic, too shocking. But if I could you would see women, often teenage girls, screaming, crying and sobbing in pain and fear. Those who aren't have often dissociated and are totally emotionless. Empty.

But these titles, fresh off Pornhub, give an idea of the brutality of what now counts for porn. And its popularity:

Equally shocking perhaps is the fact that the *real* story of porn – the horrific level of abuse and misogyny ie the truth – has been ignored by the mainstream media for decades. Instead it consistently acts as little more than a mouthpiece for the industry, constantly spewing out pornogander about women 'choosing' it (*what to be abused?*), about it being 'aspirational, glamorous and empowering' (what '*anal tears and prolapse*', '*screaming and crying in pain*'?).

To this end, it has already set up sleek 'pop up' shops in New York to try and glamourise itself and disguise the fact that what it hosts is 'abuse porn'. It has already set up an online 'well being hub' to provide sex 'education' to young people. Now it is aiming to take over regulation of the porn industry itself. Its parent company, Mindgeek (also owner of other major porn sites like Youporn and Redtube) is likely to become the age verifier for all UK porn.

So an organisation whose every video is too abusive to be given an R18 certificate, whose site is accessible to all and packed with rape porn, incest porn, real and pseudo child porn, not to mention mutilations and tortures including even 'on demand' torture could soon be deciding what children may or may not have access to.

Are you shocked yet?
